

Your Potential Savings By Using Your Mail-Order Pharmacy 2006

Cost comparisons for ordering a 90-day supply from a retail pharmacy vs. mail order*:

Plan	Generic			Preferred Brand**			Non-Preferred Brand**		
	Retail	Mail-Order	Savings (over 90 days/ over 1 year)	Retail	Mail-Order	Savings (over 90 days/over 1 year)	Retail	Mail-Order	Savings (over 90 days/over 1 year)
Standard Plan and Medicare	\$30	\$25	\$5/\$20	\$75	\$62	\$13/\$52	\$120	\$100	\$20/\$80
BlueChoice Health Plan	\$24	\$16	\$8/\$32	\$90	\$60	\$30/\$120	\$150	\$100	\$50/\$200
CIGNA HMO	\$21	\$14	\$7/\$28	\$75	\$50	\$25/\$100	\$150	\$100	\$50/\$200
MUSC Options	\$30	\$25	\$5/\$20	\$75	\$62	\$13/\$52	\$120	\$100	\$20/\$80

*Some prescriptions cannot be filled for a 90-day supply because of state law or packaging limitations. If you have any questions, check with your plan's prescription drug administrator.

**Whether at retail or through mail order, if your doctor prescribes or you request a brand-name medication (preferred or nonpreferred) and there is an equivalent generic medication available, you will be charged the generic co-payment PLUS the cost difference between the brand-name medication and the generic medication. If this amount is less than the preferred or nonpreferred brand co-payment, you will pay the applicable brand co-payment. This will apply even if the doctor prescribes the medication as "Dispense as Written" or "Do Not Substitute."

Savings Plan subscribers: Instead of a copayment, you pay the full allowable charge for your prescriptions until you reach your annual deductible. However, you can still save money when you buy a 90-day supply through mail order instead of at a retail pharmacy.
